

Magrini Wall Mounted Stay-Safe Baby Seat MX33

Cleaning Instructions

To ensure that the seat retains its original colour and good looks a regular cleaning routine is essential.

The unit may be washed and wiped with a damp soft cloth or sponge. Use of mild detergent and warm water will remove the majority of dust and stains. For more obstinate stains a domestic cream cleaner can be used. Do not use any abrasive cloths, caustic or solvent cleaners as this may damage the unit.

In order to disinfect the unit, sodium hypochlorite can be used at low concentrations (10,000 ppm = 1%). It should not be left in permanent contact with the polymer and should be fully rinsed off with fresh water following cleaning.

Maintenance instructions

Check that the unit is securely fixed to the wall and the seat does not rest below the horizontal position. Ensure safety straps are undamaged and the clip mechanism is fully functioning. Ensure warning label is in place on the back of the unit and general cleanliness is within given guidelines. Always use genuine Magrini replacement parts.

Product Warranty

Magrini warrants the wall mounted Stay-Safe seats to be free from defects in materials and workmanship, under normal use and service, for a period of one year from the date of purchase, when installed and maintained in accordance with Magrini's written instructions.

Without limiting the generality of the foregoing, this warranty does not cover:- product misuse, theft or vandalism, tampering or misapplication, loads in excess of stated maxima or improper installation.

Magrini's liability will be limited, at Magrini's option, to repair or replacement with respect to any claim made within the applicable warranty period referred to above.
